Overview

The ESU 6 Title III Consortium purchased iPod Touch devices that member districts can use for supplemental language instruction and support of English Language Learners. The devices remain the property of the ESU 6 Title III Consortium and should be returned or renewed at the end of the defined loan period or when requested.

Agreements

Users must adhere to the following acceptable use agreements:

- The device will be used solely for and/or by English Language Learners and their teachers.
- Restriction codes, iTunes account access, or other access passwords must not be changed or shared with students or unauthorized personnel. Contact Jen Madison for access information if necessary.
- The device may only be synced with the iTunes account provided by ESU 6 upon checkout. (Note that the device can only be synced with one computer, which must be a district computer.)
- The device(s) may be temporarily checked out to students provided the student and a guardian have understood and signed the student usage agreement.
- "Restrictions" must be enabled whenever the device is handled by a student.
- District personnel (not students) may add apps and other material provided the intent and content is appropriate according to district policy **and** will be used to support the language and academic content learning of the district's ELLs. Contact Jen to request apps that are not free.
- Upon request from ESU 6, users will submit feedback or data regarding the use and/or effectiveness of the iPod use.

Adding Apps and Material

- Free apps that meet the usage agreements can be downloaded without permission.
- To request paid apps, contact Jen Madison via email or phone.
- Note that a receipt for all purchases is automatically sent to ESU 6.
